Small sided games assist in all aspects of a player's development, including ball control, decision making, and speed of play. PSC coaches will be on hand to facilitate the games, assist with substitutions, and provide technical and tactical feedback to players. There will be three 25 minute games each night (12 games total). Divisions will be made based on number of players, but its expected there will be U8, U10, U12, U14 and HS Divisions for boys and girls.
